

GRENADA
CITIZENSHIP BY INVESTMENT

June 21, 2017

To: All Authorized Marketing Agents- Grenada Citizenship by Investment Program.

Dear Colleagues;

RE: DELAYS IN PROCESSING APPLICATIONS FOR PERMANENT RESIDENCE & CITIZENSHIP

Recently you would have been aware that increasingly delays are being experienced in the approved process for applications, which you have submitted to the Grenada Citizenship by Investment Committee for the granting of Permanent Residence and or Citizenship.

This is due mainly to delays in receiving reports from our security vetting partners which is a critical component of our diligence process to which each application received is subject to. In light of the current international security climate and the need for increased vigilance, these reports are critical to the conclusion of our processing of applications so we are mandated to wait on them.

While our goal is to provide the best service to you and meet promised deadlines, we are also required to adhere to the stipulated regulations and standards. We are asking you, therefore, to bear with us as we seek solutions to eliminating these delays.

Please be aware that this Office is working assiduously to meet deadlines and we undertake to provide status updates to you in a timely manner, whenever there are delays.

We thank you for your sterling support of the Grenada Citizenship by Investment Program.

Yours Sincerely;

.....
Sybil Alexander, Deputy Executive Director
